WHERE IS AMERICA GOING?

What a great question – “Where is America going?” Some people may not believe that our nation is going anywhere, but we are! Maybe to really understand where we are going, we need to look at where we have been. There are many in our church that are older than I and can remember further back in history. I am absolutely sure each of them could tell us just how far America has come from she was seventy-five years ago.

I remember, as a boy growing up in Garland, Texas, how my parents never locked the doors of our home, even when we went on vacation. There were many times when most of the neighborhood would get together for a cookout or picnic. So many of us today do not even know our neighbors well enough to speak to them in a friendly way. I can remember when the world would never have a ballgame on Sunday or Wednesday night. When I was a youngster most all of our churches had Sunday and Wednesday night services. When the church, gave in to the wishes of members that did not want these services then the world took them over. The world will take any thing we give it. Don't think they would not take over the morning time too!

America has come a very long way from out and out Christianity. Actions and activities that the Bible says is wrong, for some reason, we now say they are acceptable. It is so tragic when many professing believers accept as right, the taking of the life of an unborn child. Where are we going? Where will the path we are traveling lead us a nation? It certainly will not lead us to God, fellowship with Him or His blessings upon us. It is time for God's people to become God's people and bring America back to God!

Amen!
